• ABOUT ME

Computer Engineering graduate with hands-on experience in Full Stack Web Development, AI-powered applications, RESTful APIs, and Digital Marketing. Proficient in React.js, Node.js, Express.js, MongoDB, JavaScript, Python, and Git. Experienced in building scalable web applications, integrating APIs, and developing AI-driven solutions. Strong problem-solving, communication, and teamwork skills with internship and industry experience. Seeking a Software Engineer or Full Stack Developer role where I can contribute to innovative products and continue growing professionally.
